Truman Cunningham

(512) 998-2642 • trumanc@gmail.com • linkedin.com/in/trumanc

Aspiring Associate Product Manager with a background in roadmapping and product development for SMS system, vendor databases, and B2B marketplaces. Brown University CS concentrator and TA for algorithms and data structures.

WORK EXPERIENCE

Warner Bros. Discovery   **Jun 2023 - Aug 2023**
Technical Product Manager • New York, NY • Internship

- Contributed to redesign of content pipeline, effecting 100% of APAC content. Created several critical documents including a Product Launch Guide, PR/FAQ, and User Playbook.
- Developed a series of SQL and Python queries to find duplicate entires in vendor systems; Detected over 26,000 false entries across three databases, reducing size by 30 percent.
- Navigated communication across 7 time zones, successfully decommissioning a live product while maintaining complete system integrity.

Favor Delivery   **May 2022 - Jul 2022**
Software Engineer • Austin, TX • Internship

- Built Kotlin based webhook—used in more than 5 percent of all orders since implementation.
- Backend engineer; Worked with a seven-person squad on Chipotle direct integration.

Re:wild   **Sep 2020 - Dec 2020**
International Ranger Award Administrator • Austin, TX • Internship

- Over four months, successfully designed, created, launched, and the first ever International Ranger Award, resulting in a total of $100,000 (USD) being awarded.
- Coordinated communication between International Union for Conservation of Nature - World Commission on Protected Areas, International Ranger Federation, and Conservation Allies.
- Translated, reviewed, and personally evaluated 100+ applications from 40+ countries.

Brown University   **Jan 2022 - Present**
Undergraduate Teaching Assistant • Providence, RI

- Teaching Assistant for two computer science classes: Discrete Structures and Probability & Program Design with Data Structures and Algorithms.
- Led 30-student labs, recitations, and office hours. Graded and designed assignments and projects.
